Shares in Red 5 Limited are quoted on Australian Stock  
Exchange Limited. ASX code: RED

This financial report covers both Red 5 Limited as an individual entity and the consolidated entity, consisting of Red 5 Limited and its controlled entities. Red 5 Limited is a company limited by shares, incorporated and domiciled in Australia.

A description of the nature of the consolidated entity's operations and principal activities is included in the attached Directors' Report.

**RED 5 LIMITED  
AND CONTROLLED ENTITIES**

**DIRECTORS' REPORT**

The directors of Red 5 Limited ("Red 5" or "parent entity") present their report on the results and state of affairs of the parent entity and the consolidated entity for the financial year ended 30 June 2004.

**DIRECTORS**

The names of the directors of Red 5 in office during the course of the financial year and at the date of this report are as follows:

Nicholas James Smith  
Gregory Charles Edwards  
Allen Lance Govey  
Colin George Jackson (appointed on 5 December 2003)

Unless otherwise indicated, all directors held their position as a director throughout the entire financial year and up to the date of this report.

**PRINCIPAL ACTIVITIES**

The principal activities of Red 5 and the consolidated entity (which includes the controlled entities of Red 5) during the financial year were mineral exploration and evaluation. There was no significant change in the nature of these activities during the year.

**RESULTS OF OPERATIONS**

The net loss of the consolidated entity after provision for income tax was \$801,400.

**REVIEW OF OPERATIONS**

During the financial year the consolidated entity continued its strategy of divestment of non-core assets in order to focus on the early development of the Siana gold project located in the Philippines.

Red 5 raised equity funds during the year amounting to \$10,176,300 (before costs) through a private share placement in July 2003, a fully underwritten pro-rata rights issue offer to shareholders and through the exercise of listed and unlisted options. A bonus issue of options was made by Red 5 in March 2004 on the basis of one option for every four shares held.

Red 5 disposed of its shareholding in a wholly owned subsidiary company, Opus Exploration Pty Ltd, to the listed gold explorer, Range River Gold Limited. Opus Exploration Pty Ltd holds interests in the Indee and Telfer projects, both of which are located in the Pilbara region of Western Australia. The sale consideration was \$1.7 million and comprised \$500,000 in cash and 9,132,420 shares in Range River Gold Limited.

In November 2003, the listed exploration company, Traka Resources Limited exercised its option to acquire Red 5's interests in the Ravensthorpe group of tenements. Proceeds from the sale of the tenements comprised a cash consideration of \$350,000.

Exploration and evaluation activities on the Siana project continued during the year. Comprehensive drilling programmes were undertaken and an engineering scoping study commissioned. The consolidated entity entered into a variation to the joint venture agreement on the Siana project, whereby by payment of \$79,023 (US\$60,000) and subject to finalisation of the ownership structure under Philippine jurisdiction, Red 5 is entitled to take an 80% economic interest in the Siana project. Under the terms of the original agreement, the consolidated entity was required to complete a bankable feasibility study within 5 years to earn an 80% interest in the project.

The consolidated entity also entered into a joint venture agreement over the Mapawa gold project in the Philippines. The project covers an area of 1,400 hectares and is located 18 kilometres north of the Siana project. Under the terms of the agreement, Red 5 will own an 80% interest in the project (under the provisions of Philippine law) in return for reimbursement of tenement expenses, progression of the grant of a Mineral Production Sharing Agreement (MPSA) and the expenditure of \$144,000 (US\$100,000) within a period of 15 months.

In January 2004, the Supreme Court of the Republic of the Philippines handed down a decision which affected the validity of forms of tenure held under Financial and Technical Assistance Agreements. The Siana project is not directly affected by this decision as it operates under a granted MPSA held by the consolidated entity's local Philippine partner.

The directors are continuing to evaluate other resources projects in which the consolidated entity may participate.

**RED 5 LIMITED  
AND CONTROLLED ENTITIES**

**DIVIDENDS**

No amounts were paid by way of dividend since the end of the previous financial year. The directors do not recommend the payment of a dividend.

**LIKELY DEVELOPMENTS**

During the course of the next financial year, the consolidated entity will continue its mineral exploration and development activities, including the advancement of the Siana project, and will investigate additional resources projects in which the consolidated entity may participate.

In the opinion of the directors there is no additional information available as at the date of this report on any likely developments which may materially affect the operations of the consolidated entity and the expected results of those operations in subsequent years.

**OPTIONS GRANTED OVER UNISSUED SHARES**

At the date of this report, 59,276,020 ordinary fully paid shares which are subject to options were unissued. The terms of these options are as follows:

Options granted over ordinary fully paid shares exercisable:

|  | <b>Number</b>            |
|--|--------------------------|
| - at 35 cents each on or before 31 January 2005  | 55,076,020               |
| - at 40 cents each on or before 31 December 2004 | 2,000,000                |
| - at 15 cents each on or before 8 January 2005   | 100,000                  |
| - at 20 cents each on or before 17 June 2005     | 100,000                  |
| - at 60 cents each on or before 31 December 2005 | <u>2,000,000</u>         |
|  | <u><u>59,276,020</u></u> |

Details of options issued and exercised during the financial year are contained in Note 15(c) to the financial report. Subsequent to the end of the financial year, 250,000 unlisted options lapsed without being exercised.

No person entitled to exercise the options has any right by virtue of the option to participate in any share issue of the parent entity or any other corporation.

**SIGNIFICANT CHANGES**

Significant changes in the state of affairs of the consolidated entity during the financial year were as follows:

- (a) Equity funds of \$10,176,300 (before costs) were raised during the year through a private share placement, a fully underwritten pro-rata rights issue (on the basis of 3 new shares for every 10 shares held at a subscription price of 7.3 cents per share) and through the exercise of listed and unlisted options.
- (b) A bonus issue of options was made in March 2004 on the basis of one option for every four shares held.
- (c) Red 5 disposed of its interests in the Indee and Telfer projects for a consideration of \$1.7 million, comprising \$500,000 in cash and 9,132,420 shares in Range River Gold Limited (issued at a nominal value of 13.1 cents each). Red 5 also disposed of its Ravensthorpe nickel tenements for a cash consideration of \$350,000.

**EVENTS SUBSEQUENT TO THE END OF THE FINANCIAL YEAR**

No matters or circumstances have arisen since the end of the financial year, which significantly affect or may significantly affect the operations of the consolidated entity, the results of those operations or the state of affairs of the consolidated entity.

| C G Jackson (appointed on 5 December 2003) | 4                                       | 4                          |

An audit committee was constituted in May 2004 with the members comprising Mr Colin Jackson (chairman of the committee) and Mr Nicholas Smith. No formal meetings of the audit committee were held during the year ended 30 June 2004. A remuneration committee was constituted in July 2004 comprising Mr Colin Jackson (chairman) and Mr Nicholas Smith.

**RED 5 LIMITED  
AND CONTROLLED ENTITIES**

**DIRECTORS AND EXECUTIVES REMUNERATION**

The remuneration committee considers remuneration policies and practices generally, and determines specific remuneration packages and other terms of employment for executive directors, senior management and non-executive directors. Executive remuneration and other terms of employment are reviewed annually by the committee having regard to performance, relevant comparative information and independent expert advice.

Red 5's remuneration policy for executive directors and senior management is designed to promote superior performance and long term commitment to Red 5. Remuneration packages are set at levels that are intended to attract and retain executives capable of managing the consolidated entity's Australian and overseas operations. Executives receive a base remuneration which is market related, together with performance based remuneration based on the achievement of pre-determined milestones and targets.

Details of the nature and amount of each element of the emoluments of each director of Red 5 are as follows:

| Name                    | Primary              |                | Post-employment |                     | Total   |
|-------------------------|----------------------|----------------|-----------------|---------------------|---------|
|                         | Cash salary and fees | Other benefits | Superannuation  | Retirement benefits |         |
| <b>Directors</b>        | \$                   | \$             | \$              | \$                  | \$      |
| Executive directors     |                      |                |                 |                     |         |
| G C Edwards             | 194,561              | 6,244          | 16,200          | -                   | 217,005 |
| A L Govey               | 140,907              | 6,244          | 11,700          | -                   | 158,851 |
| Non-executive directors |                      |                |                 |                     |         |
| N J Smith               | 202,250              | 6,244          | 3,262           | 80,000              | 291,756 |
| C G Jackson             | 52,183               | 6,243          | 750             | -                   | 59,176  |

Remuneration for Mr Jackson is from date of appointment as a director on 5 December 2003.

Other than directors of Red 5, there were no other executive officers of the consolidated entity during the year.

Information on any benefits received by directors of Red 5 by reason of a contract made by the consolidated entity with a director or a director-related entity are contained in Note 18 of the financial report.

During the financial year, Red 5 paid premiums (other benefits) of \$24,975 to insure the directors and other officers of the consolidated entity. The liabilities insured are for costs and expenses that may be incurred in defending civil or criminal proceedings that may be brought against the officers in their capacity as officers of entities in the consolidated entity.

**ENVIRONMENTAL REGULATIONS**

The consolidated entity is subject to significant environmental regulation in respect to its mineral exploration activities. These obligations are regulated under relevant government authorities within Australia and overseas. The consolidated entity is a party to exploration and development licences and a mineral production sharing agreement. Generally, these licences and agreements specify the environmental regulations applicable to exploration and mining operations in the respective jurisdictions. The consolidated entity aims to ensure that it complies with the identified regulatory requirements in each jurisdiction in which it operates.

Compliance with environmental obligations is monitored by the Board of Directors. No environmental breaches have been notified to the consolidated entity by any government agency during the year ended 30 June 2004.

Signed in accordance with a resolution of the directors.

**RED 5 LIMITED  
AND CONTROLLED ENTITIES**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 JUNE 2004**

**1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES**

**1.1 BASIS OF PREPARATION OF THE FINANCIAL REPORT**

This financial report is a general purpose financial report which has been prepared in accordance with Accounting Standards, Urgent Issues Group Consensus Views and other authoritative pronouncements of the Australian Accounting Standards Board and the Corporations Act 2001. The financial report has been prepared on an accruals basis and is based on historical cost and does not take into account changing money values or, except where stated, fair values of non-current assets.

Cost is based on the fair values of the consideration given in exchange for assets. Accounting policies adopted are consistent with those applied in the previous financial year, except as specifically noted.

**1.2 PRINCIPLES OF CONSOLIDATION**

The consolidated financial report incorporates the assets and liabilities of all entities controlled by Red 5 Limited ("parent entity") as at 30 June 2004 and the results of all controlled entities for the year then ended. Red 5 Limited and its controlled entities together are referred to in this financial report as the consolidated entity. A list of controlled entities appears in Note 25. The effects of all transactions between entities in the consolidated entity are eliminated in full.

Where control of an entity is obtained during a financial year, its results are included only from the date upon which control commences. Where control of an entity ceases during a financial year, its results are included for that part of the year during which control existed.

**1.3 INVESTMENTS**

Investments classified as current assets represent securities in listed companies purchased for resale and are valued at the lower of cost or net realisable value as at balance date.

Investments classified as non-current assets represent securities in listed and unlisted companies acquired as investments and are shown at cost except where in the opinion of the directors there has been a permanent diminution in value, in which case the investments are written down to their recoverable amount.

**1.4 INCOME TAX**

Tax effect accounting procedures are followed whereby the income tax expense in the statement of financial performance is matched with the accounting profit or loss, after allowing for permanent differences. Future income tax benefits are not brought to account unless realisation of the asset is assured beyond reasonable doubt, or if relating to tax losses, when realisation is virtually certain. Income tax on net cumulative timing differences is set aside to the deferred income tax and future income tax benefit accounts at the rates which are expected to apply when those timing differences reverse.

*Tax consolidation legislation*

The parent entity and its wholly-owned Australian controlled entities have not formally elected to implement the tax consolidation legislation. Accordingly, the Australian Taxation Office has not been notified that the parent entity will form a tax consolidated group. A review of the impact of the tax consolidation legislation on the consolidated entity is being undertaken to determine whether the consolidated entity will elect to adopt the legislation for the income tax year ending 30 June 2004. The financial effect, should it occur, will be recognised in the financial statements for the year ending 30 June 2005.

**1.5 EXPLORATION AND EVALUATION EXPENDITURE**

Exploration and evaluation costs are accumulated in respect of each separate area of interest.

Exploration and evaluation costs for each area of interest are carried forward where rights of tenure of the area of interest are current and the costs are expected to be recouped through the successful development and exploitation of the area of interest, or by its sale, or where exploration and evaluation activities in the area of interest have not yet reached a stage which permits a reasonable assessment of the existence or otherwise of economically recoverable reserves and active and significant operations in relation to the area are continuing.

When an area of interest is abandoned or the directors decide that it is not commercial, any accumulated costs in respect of that area are written off in the financial year in which the decision is made. Each area of interest is reviewed at the end of each accounting period and accumulated expenditure is written off to the extent that it is considered that the costs will not be recoverable in the future.

**RED 5 LIMITED  
AND CONTROLLED ENTITIES**

1.6 **PROPERTY, PLANT AND EQUIPMENT**

All assets acquired, including property, plant and equipment and intangibles other than goodwill, are initially recorded at their cost of acquisition, being the fair value of the consideration provided plus incidental costs directly attributable to the acquisition. When equity instruments are issued as consideration, their market price at the date of acquisition is used as fair value. Transaction costs arising on the issue of equity instruments are recognised directly in equity subject to the extent of proceeds received, otherwise expensed.

1.7 **DEPRECIATION**

Depreciation is calculated using a combination of the prime cost and diminishing value methods, to write off the net cost of each item of plant and equipment over its expected useful life to the consolidated entity. The expected useful lives of plant and equipment are between 3 and 13 years.

1.8 **RECOVERABLE AMOUNT**

Where the carrying value of an individual non-current asset, other than exploration and evaluation expenditure, is greater than its recoverable amount, the asset is written down to its recoverable amount. The directors review the carrying values of non-current assets at each year end and in determining recoverable amount, the expected net cash flows are not discounted to their present values.

1.9 **EMPLOYEE ENTITLEMENTS**

Provision for employee entitlements represents the amount which the consolidated entity has a present obligation to pay resulting from employees' service provided up to the balance date. The provision is based on remuneration rates including related on-costs and is measured using undiscounted amounts expected to be paid when the liability is settled.

1.10 **EARNINGS PER SHARE**

Basic earnings per share is determined by dividing net operating results after income tax attributable to members of the parent entity, excluding any costs of servicing equity other than ordinary shares, by the weighted average number of ordinary shares outstanding during the financial year.

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account the after income tax effect of interest and other financing costs associated with dilutive potential ordinary shares and the weighted average number of shares assumed to have been issued for no consideration in relation to potential ordinary shares.

1.11 **GOODS AND SERVICES TAX**

Revenues, expenses and assets are recognised net of goods and services tax (GST), except where the amount of GST incurred is not recoverable. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item.

Receivables and payables are stated with the amount of GST included. The net amount of GST recoverable or payable is included as a current asset or liability in the statement of financial position. Cash flows are included in the statement of cash flows on a gross basis. The GST components of cash flows arising from investing and financing activities which are recoverable or payable are classified as operating cash flows.

1.12 **CASH**

For the purposes of the statement of cash flows, cash includes deposits at call which are readily convertible to cash on hand and which are used in the cash management function on a day to day basis, net of outstanding bank overdrafts.

| The directors estimate that the potential future income tax benefit in respect of tax losses not brought to account is:                         | <u>2,469,257</u>    | <u>2,755,533</u>   | <u>2,106,998</u>     | <u>2,102,071</u>   |

**RED 5 LIMITED  
AND CONTROLLED ENTITIES**

The potential benefit of tax losses has not been brought to account in this financial report as realisation of the benefit cannot be regarded as being virtually certain.

The potential future income tax benefit will be obtainable by the consolidated entity only if:

- (a) the consolidated entity derives future assessable income of a nature and of an amount sufficient to enable the benefit of the deductions for the loss to be realised;
- (b) the consolidated entity complies with the conditions for deductibility imposed by income tax law; and
- (c) no changes in income tax legislation adversely affects the consolidated entity in realising the benefit of the deduction for the loss.

**18. DIRECTOR AND EXECUTIVE DISCLOSURES**

**Directors**

The following persons were directors of Red 5 Limited during the financial year:

***Executive directors***

Gregory C Edwards – Managing Director

Allen L Govey – Exploration Director

***Non-executive directors***

Nicholas J Smith – Chairman

Colin G Jackson (appointed on 5 December 2003)

**Executives (other than directors) with the greatest authority for strategic direction and management**

The strategic direction and management of the consolidated entity is administered and managed by the board of directors. There are no individuals (other than the directors) who are responsible for the strategic direction and management of the consolidated entity and consequently no individuals meet the definition of specified executive for the purposes of AASB 1046 - Director and Executive Disclosures by Disclosing Entities.

**RED 5 LIMITED  
AND CONTROLLED ENTITIES**

**Remuneration report**

***Principles used to determine the nature and amount of remuneration***

*Executive remuneration*

The parent entity's remuneration policy for executive directors and senior management is designed to promote superior performance and long term commitment to the consolidated entity. Remuneration packages are set at levels that are intended to attract and retain executives capable of managing the consolidated entity's Australian and overseas operations.

Executive remuneration and other terms of employment are reviewed annually having regard to performance, relevant comparative information and expert advice. The parent entity's reward policy aims to align executive's remuneration with shareholders' interests and to retain appropriately qualified personnel.

The total remuneration of executive directors consists of the following:

- base remuneration - fixed salary payable monthly in cash;
- bonus - eligible to receive cash bonuses based on pre-defined performance criteria and milestones.
- long term incentives - eligibility to participate in share option schemes with the prior approval of shareholders; and
- other benefits - participation in superannuation schemes.

*Non-executive directors remuneration*

Shareholders approve the maximum aggregate remuneration for non-executive directors. The remuneration committee recommends the actual payments to directors and the Board is responsible for ratifying any recommendations. Non-executive directors are entitled to statutory superannuation benefits. The Chairman is also entitled to a retirement allowance to a maximum of three years directors fees.

Non-executive directors may be entitled to participate in equity based remuneration schemes. All directors are entitled to have their indemnity insurance paid by the consolidated entity.

Other changes during the year include subscriptions under a pro-rata rights issue and off-market purchases and sales.

**Option holdings**

The numbers of options over fully paid shares in the parent entity held during the financial year by each director of the parent entity, including their personally-related entities, are set out below.

|             | Balance at the start of the year | Granted during the year as remuneration | Exercised during the year | Other changes during the year | Balance at the end of the year | Vested and exercisable at the end of the year |
|-------------|----------------------------------|---|---------------------------|-------------------------------|--------------------------------|---|
| G C Edwards | 5,500,000                        | -                                       | (400,000)                 | (3,387,500)                   | 1,712,500                      |   |
| A L Govey   | 5,500,000                        | -                                       | -                         | (3,823,375)                   | 1,676,625                      |   |
| N J Smith   | 5,000,000                        | -                                       | -                         | (897,625)                     | 4,102,375                      | 4,000,000                                     |
| C G Jackson | -                                | -                                       | -                         | 56,250                        | 56,250                         |   |

Other changes during the year include pro-rata bonus issues, expiry of options and off-market sales.

**Other transactions with directors**

Other than as disclosed above, there were no specific transactions during the year between the consolidated entity and directors or their director-related entities.

**RED 5 LIMITED  
AND CONTROLLED ENTITIES**

- (c) Under the terms of mineral tenement licences held by the consolidated entity, minimum annual expenditure obligations of \$57,000 (2003: \$1,940,000) may be required to be expended during the forthcoming financial year in order for the tenements to maintain a status of good standing. This expenditure may be incurred by the consolidated entity or its joint venture partners and may be subject to variation from time to time in accordance with Department of Industry and Resources regulations.
- (d) The consolidated entity has entered into a subscription agreement to acquire a 50% shareholding in a company involved in mineral exploration activities. As at 30 June 2004, future contributions to be made under the subscription agreement amounted to \$198,116 (US\$137,414).

**RED 5 LIMITED  
AND CONTROLLED ENTITIES**

**23. RELATED PARTIES**

**Transactions with related parties in the wholly owned group**

During the financial year, unsecured loan advances were made between the parent entity and its controlled entities. All such loans were interest free. Loan balances between the parent entity and its controlled entities are disclosed in the financial report of the parent entity. Intra-entity loan balances have been eliminated in the financial report of the consolidated entity. The ownership interests in related parties in the wholly owned group are set out in Note 25.

Other transactions with directors and specified executives are set out in Note 18.

**24. FINANCIAL INSTRUMENTS**

(a) Credit risk exposure

Credit risk relates to the risk that a counter party will default on its contractual obligations resulting in financial loss to the consolidated entity. The exposure of the consolidated entity to credit risk at balance date in relation to each class of recognised financial asset is the carrying amount of the assets as indicated in the statement of financial position.

(b) Net fair values

The fair values of all financial assets and liabilities approximate their carrying values as indicated in the statement of financial position.

(c) Interest rate risk exposure

Interest rate risk represents the risk that the value of a financial instrument will fluctuate as a result of changes in market interest rates. The exposure of the consolidated entity to interest rate risk and the effective weighted average interest rate for classes of financial assets and liabilities is set out below.

Bremer Binaliw Corporation is a wholly owned subsidiary company of Bremer Resources Pty Ltd.

**Disposal of controlled entity**

On 22 September 2003, the parent entity disposed of its 100% interest in Opus Exploration Pty Ltd for a consideration of \$1,700,000 comprising \$500,000 in cash and the issue of 9,132,420 quoted shares in the purchaser (at a nominal value of 13.1 cents each). Contribution to the net loss of the consolidated entity from the loss of control of the controlled entity was a profit of \$15,003.

**28. EARNINGS PER SHARE**

|   |                    |                    |
|---|--------------------|--------------------|
| Weighted average number of ordinary shares on issue used in the calculation of basic earnings per share   | <u>183,015,075</u> | <u>118,143,501</u> |
| Weighted average number of ordinary shares on issue used in the calculation of diluted earnings per share | <u>183,015,075</u> | <u>118,143,501</u> |

No dilutive potential ordinary shares existed as at balance date, therefore diluted earning per share has not been calculated or disclosed.

The following movements in ordinary shares and options occurred subsequent to balance date:

- 250,000 unlisted options lapsed on 31 July 2004.

**29. INTERNATIONAL FINANCIAL REPORTING STANDARDS**

The Australian Accounting Standards Board (AASB) is adopting International Financial Reporting Standards (IFRS) for application to reporting periods beginning on or after 1 January 2005. The AASB has issued Australian equivalents to IFRS and the Urgent Issues Group will issue abstracts corresponding to IASB interpretations originated by the International Financial Reporting Interpretations Committee or the former Standing Interpretations Committee. The adoption of Australian equivalents to IFRS will be first reflected in the consolidated entity's financial statements for the half-year ending 31 December 2005 and the year ending 30 June 2006. Information about how the transition to Australian equivalents to IFRS is being managed and the key differences in accounting policies that are expected to arise, is set out in below.

Entities complying with Australian equivalents to IFRS for the first time will be required to restate their comparative financial statements to amounts reflecting the application of IFRS to that comparative period. Most adjustments required on transition to IFRS will be made, retrospectively, against opening retained earnings as at 1 July 2004.

The consolidated entity has commenced an internal analysis of key financial reporting differences as well as planning for the conversion to IFRS in relation to accounting policies and procedures, reporting systems, business processes and business structures. Expert external consultants will also be engaged to perform diagnostics and conduct impact assessments to identify key areas that will be impacted by the transition to IFRS.

**RED 5 LIMITED  
AND CONTROLLED ENTITIES**

Major changes identified to date that will be required to the consolidated entity's existing accounting policies include the following:

*Exploration and evaluation expenditure on mineral resources*

Uncertainty remains in relation to accounting for extractive industries within the IFRS regime with no specific standard finalised. If the stated “grandfathering” approach embodied in Exposure Draft 6 “Exploration for and Evaluation of Mineral Resources” is implemented, then the consolidated entity’s existing policy of accounting for exploration and evaluation activity will comply with IFRS requirements and therefore no difference is expected to result either from the recognition of exploration and evaluation assets or from impairment testing.

*Income tax*

Under AASB 112 *Income Taxes*, deferred tax balances are determined using the balance sheet method which calculates temporary differences based on the carrying amounts of an entity's assets and liabilities in the statement of financial position and their associated tax bases. In addition, current and deferred taxes attributable to amounts recognised directly in equity are also recognised directly in equity. This will result in a change to the current accounting policy, under which deferred tax balances are determined using the income statement method, items are only tax-effected if they are included in the determination of pre-tax accounting profit or loss and/or taxable income or loss and current and deferred taxes cannot be recognised directly in equity.

No immediate impact is likely as deferred tax balances are not currently recognised.

*Equity-based compensation benefits*

Under AASB 121 *Share-based Payment*, equity-based compensation to employees will be recognised as an expense in respect of the services received. This will result in a change to the current accounting policy, under which no expense is recognised for equity-based compensation.

The above should not be regarded as a complete list of changes in accounting policies that will result from the transition to Australian equivalents to IFRS, as not all standards have been analysed as yet, and some decisions have not yet been made where choices of accounting policies are available. For those reasons it is not yet possible to quantify the impact of the transitions to Australian equivalents to IFRS on the consolidated entity's financial position and reported results.

**RED 5 LIMITED  
AND CONTROLLED ENTITIES**

**DECLARATION BY DIRECTORS**

The Board of Directors of Red 5 Limited declares that:

- (a) the financial statements and associated notes comply with Accounting Standards, the Corporations Regulations 2001 and other mandatory professional reporting requirements;
- (b) the financial statements and associated notes give a true and fair view of the financial position as at 30 June 2004 and performance of the parent entity and the consolidated entity for the financial year ended on that date;
- (c) at the date of this declaration, there are reasonable grounds to believe that the parent entity will be able to pay its debts as and when they fall due.

The consolidated financial report has been made out in accordance with Australian Accounting Standards and the Corporations Act 2001.

Signed in accordance with a resolution of the directors.

**N J Smith**  
Chairman

Perth, Western Australia

## **Independent audit report to members of Red 5 Limited**

### ***Scope***

#### *The financial report and directors' responsibility*

The financial report comprises the statement of financial position, statement of financial performance, statement of cash flows, accompanying notes to the financial statements, and the directors' declaration for both Red 5 Limited (the "Company") and the Consolidated Entity, for the year ended 30 June 2004. The Consolidated Entity comprises both the company and the entities it controlled during that year.

The directors of the Company are responsible for the preparation and true and fair presentation of the financial report in accordance with the *Corporations Act 2001*. This includes responsibility for the maintenance of adequate accounting records and internal controls that are designed to prevent and detect fraud and error, and for the accounting policies and accounting estimates inherent in the financial report.

#### *Audit approach*

We conducted an independent audit in order to express an opinion to the members of the Company. Our audit was conducted in accordance with Australian Auditing Standards in order to provide reasonable assurance as to whether the financial report is free of material misstatement. The nature of an audit is influenced by factors such as the use of professional judgement, selective testing, the inherent limitations of internal control, and the availability of persuasive rather than conclusive evidence. Therefore, an audit cannot guarantee that all material misstatements have been detected.

We performed procedures to assess whether in all material respects the financial report presents fairly, in accordance with the *Corporations Act 2001*, Australian Accounting Standards and other mandatory financial reporting requirements in Australia, a view which is consistent with our understanding of the Company's and the Consolidated Entity's financial position, and of their performance as represented by the results of their operations and cash flows.

We formed our audit opinion on the basis of these procedures, which included:

- examining, on a test basis, information to provide evidence supporting the amounts and disclosures in the financial report, and
- assessing the appropriateness of the accounting policies and disclosures used and the reasonableness of significant accounting estimates made by the directors.

While we considered the effectiveness of management's internal controls over financial reporting when determining the nature and extent of our procedures, our audit was not designed to provide assurance on internal controls.

### ***Independence***

In conducting our audit, we followed applicable independence requirements of Australian professional ethical pronouncements and the *Corporations Act 2001*.

***Audit opinion***

In our opinion, the financial report of Red 5 Limited is in accordance with:

- a) the *Corporations Act 2001*, including:
  - i. giving a true and fair view of the Company's and Consolidated Entity's financial position as at 30 June 2004 and of their performance for the financial year ended on that date; and
  - ii. complying with Accounting Standards in Australia and the Corporations Regulations 2001; and
- b) other mandatory professional reporting requirements in Australia.
